

BICYCLE CHAIN & LINKAGE SPRAY

Spanjaard Bicycle Chain & Linkage Spray is a high quality, semi-fluid, adherent all purpose lubricant containing soluble molybdenum. It penetrates and lubricates chains, linkages and cables. Combines the advantages of a grease with those of a lubricating oil. Applied in aerosol form.

APPLICATIONS

Spanjaard Bicycle Chain & Linkage Spray is formulated for bicycle chain linkages and cables. It penetrates deep into linkages and remains adhered to surfaces. It provides long lasting protection in inaccessible places under demanding conditions. Reduced wear is achieved by the addition of low friction soluble molybdenum. Product will not drain away like a liquid and will not fling off.

Other uses:

Motorcycle chains, window mechanisms, wheel jacks, hinges, electric garage doors slides and chains, home workshop equipment, wheelbarrows, lawn mowers, etc.

APPLICATION INSTRUCTIONS

Apply aerosol spray with extension nozzle for pin pointing applications onto inaccessible places.

TYPICAL PROPERTIES

Colour	Light Red
Density, g/cm ³	0,93
Weld Load, kg	250
Operating Temp., °C	-30 to 110

HANDLING AND STORAGE

DANGER - Extremely flammable aerosol. Pressurised container: protect from sunlight and do not expose to temperatures exceeding 50°C. Keep away from heat / sparks / flames / hot surfaces. No Smoking. Do not pierce or burn, even when empty. Do not spray onto an open flame or any incandescent material. 75% by mass of the contents are flammable. Use in well ventilated areas. Keep out of reach of children. Store under cover.

PACKAGING

200ml Aerosol.
