

CHAIN & LINKAGE SPRAY

Spanjaard Chain & Linkage Spray is a high quality semi-fluid, adherent all purpose lubricant containing soluble molybdenum. For penetrating and lubricating chains, linkages and cables. Combines the advantages of a grease with those of a lubricating oil. Applied in aerosol form.

APPLICATIONS

Spanjaard Chain & Linkage Spray is formulated for standard and "o" type chains, linkages and cables. It penetrates deep into linkages and remains adhered to surfaces to give long lasting protection in inaccessible places under demanding conditions to give reduced wear with the assistance of low friction soluble molybdenum. Product will not drain away like a liquid.

Motorcycles, Transport Vehicles, uses:-

Motorcycle chains, vehicle pivot points, cables, seat runners, cable linkages, springs, control switches, catches, hinges, locks, window mechanisms, wheel jacks, etc.

Industrial uses:

Wire ropes, winches, pulley blocks, cams, slides, plungers, screw threads, rams, conveyors, rails, rollers, etc.

Domestic uses:

Hinges, electric garage doors slides and chains, home workshop equipment, wheelbarrows, lawn mowers, etc.

APPLICATION INSTRUCTIONS

In aerosol spray form with extension nozzle for pin pointing applications onto inaccessible places.

TYPICAL PROPERTIES

Colour	Translucent Light Red
Density, g/cm ³	0,93
Weld Load, kg	250
Operating Temp., °C	-30 to 110

HANDLING AND STORAGE

Extremely flammable aerosol. Pressurised container: Protect from sunlight and do not expose to temperatures exceeding 50°C. Keep away from heat / sparks / flames / hot surfaces. No Smoking. Do not pierce or burn, even when empty. Do not spray onto an open flame or any incandescent material. 75% by mass of the contents are flammable. Use only in well ventilated areas. Keep out of reach of children. Store under cover.

PACKAGING

200ml and 400ml Aerosol.
